

April 9, 1974

SENATOR SIMPSON: (continued) But, this time we have a bill that is separate. I had the opportunity about a month ago to go down to UNO and see what the new facility looked like with the improvements that were made last year and then I didn't feel quite as bad because they really had done some beautiful work there. They need what they have now and they need what is being asked for. I would hope that we could accept.

PRESIDENT: Senator Stahmer?

SENATOR STAHMER: Mr. President, very quickly I would like to support Senator Snyder in this. They have this new field, but it needs a fence around it to control the crowds. They want to use it for high school games and I think that this would be good, but I think that we need some seats on both sides and we need this fence around it. We attended the dedication of the new surface there and there is no fence to control the crowds and I think they want to use it for high school games. I think it could cause some problems of crowd control unless they get these improvements. I think it is highly desirable from a safety standpoint that this amendment be adopted.

PRESIDENT: Senator Savage?

SENATOR SAVAGE: Mr. President, I just want to lend my support to Senator Snyder's efforts.

PRESIDENT: Any further discussion? Senator Schmit?

SENATOR SCHMIT: I support the amendment as does Senator Savage.

PRESIDENT: Once again, any further discussion? Senator Goodrich?

SENATOR GOODRICH: I would like to wholeheartedly support this amendment. The reason being that in order to be able to have the high school games, you have to have bleachers on both sides. You have to separate the two schools and if we are going to have the high school games at the UNO field, we have got to have the bleachers on the other side and that is the main purpose of this amendment. Thank you.

PRESIDENT: Alright. Senator Snyder, do you have any closing? Any closing, Senator Snyder? Senator Snyder is now closing on his motion to return 94.

SENATOR SNYDER: Mr. President, I think that the issue has been aired. I appreciate the support of those that have spoken here with me this afternoon. Without going into great detail, I would say that this is a item that is meritorious; it will provide an expanded program that will certainly help fulfill our goal of meeting the needs of our University of Omaha.

PRESIDENT: Senator Snyder is asking to return LB 94 to Select File for specific amendments. This is the bell to return the bill only. The question is do you want, from final reading, to return LB 94, if you do, vote aye; if not, vote no. The motion is for LB 94 to be returned only. Return only. The motion is for the return of LB 94. The question is, have you all voted? Once again, have you all voted? The Clerk will record. Senator Snyder?
